To Whom It May Concern:

I would like to take this opportunity to introduce myself and express my interest in joining the *Business Name* team.

As a graduate of the Covered 6 Executive Protection Academy, I have received 200 hours of rigorous training in all aspects of executive protection that have prepared me to defend, guard and protect high-net-worth individuals and assets. I am skilled in a variety of protection details and have been fortunate to receive highly specialized, law enforcement-level vocational instruction in the areas of de-escalation strategies, integrated use of force, customer service, vehicle dynamics, threat assessment, and defensive tactics. As a result, I am well-versed in protocols and procedures for personal, venue, and vehicle protection. Finally, I have received advanced first responder training and earned medical certifications.

Augmenting my knowledge, skills, and experience in the executive protection industry, I have consistently demonstrated leadership, effective organizational skills, and excellent interpersonal communication throughout my professional career. The combination of my exceptional education and personal attributes ensures that I am a highly trained professional prepared to meet any challenge in executive protection.

I welcome the opportunity to further discuss how my training, skills, and experience may be leveraged to positively impact the mission and ensure the safety of *Business Name*. I may be reached at *phone number and email address*.

Sincerely,

Graduate Name
